CO₂ Reduction Plan

2013
First Carbon Footprint
17.76 kgs CO₂E per LBE.

2021
Launch of 30by30.
Application made
to SBTi for verification.

2025
We aim to have
our largest shipping,
fertiliser and banana
suppliers signed
up to the SBTi.

2020

2025

2030

2040

2050

2013 - 2020
By investing in farms
and shipping our
CO₂E footprint
reduced by 29%.

2020 - 2025
Reducing the impact
of fertilisers is going
to be a core project
for the next 5 years.

2025-2030
We are targeting
green technology
to reduce our
footprint from power
and land transport.

2030 - 2050
Overall our pathway takes
us towards net zero in 2050.
